First Year Laboratory Report

7th April 2023

This experiment was performed in collaboration with *Alec Bury 10833524*.

Abstract

Insert your abstract here. Remember to delete the original text. The abstract should be about 50 – 200 words, and give a very brief overview of the experiment and main results. Abstracts are important because they set the tone for the rest of the document. If your abstract includes a reference citation then give the source below the abstract. This ensures that the abstract is self-contained. Do not change the fonts or format of this Title Page, which is not numbered. The rest of your report should start on the next page, page 2.

1. Introduction

2. Theory

3. Experimental Method

dddfg [1, Chapter 14]

4. Data and Analysis

5. Results and Discussion

6. Summary
